**Sun 'n Fun Flies High**

Bill Yucuis, V.P., Aerospace Education

The week-long Sun 'n Fun Lakeland "fly in" brings aviation enthusiasts from around the world. In conjunction, the Central Florida Chapter sponsored the 26th annual Aerospace Education Workshop that was well attended by teachers in our area. The workshop was planned by AFA Central Florida Chapter members including: **Barbara Walters-Phillips** (Chairperson) along with chapter members **Mary & Stan McNatt** and **Bill Yucuis**.

Sun 'n Fun is great with many opportunities to see aviation "up close." For early arrivals there was a sunrise balloon launch. Throughout the day, every time you walk outside,

See Sun 'n Fun, page 8

**Big Year for Det 159**

Col. Todd Freece, Commander

The cadets of AFROTC Detachment 159 at the University of Central Florida are off to a running start in 2013. On top of a full load of academics, physical training and leadership laboratory, the cadets have had the opportunity to host special guests, demonstrate their skill on the fields of sport, and support many local professional activities including the annual AFA Air Warfare Symposium. The Flying Knights garnered first place in the annual "Iron Knight Challenge" on the UCF campus. Our elite team of AF warriors demonstrated their strength, teamwork and fortitude through a course of grueling physical challenges to bring home the trophy

**Central Florida Chapter Mission**

Our mission is to promote a dominant United States Air Force and a strong national defense and to honor Airmen and our Air Force heritage. To accomplish this, we:

- **EDUCATE** the public on the critical need for unmatched aerospace power and a technically superior workforce to ensure U.S. national security
- **ADVOCATE** for aerospace power and STEM education
- **SUPPORT** the total Air Force family and promote aerospace education

## From the President

Congratulations Central Florida Chapter members on another extremely successful Air Warfare Symposium Golf Event and Air Force Gala. It gave me a tremendous amount of pride to watch our chapter members execute so perfectly on our plans. I would also like to take this opportunity to make a special thank you to our Golf Chairmen, **Bob Ceruti** and **Jim Derosé** and also to our Gala Chairman, **Tim Brock**. These three gentlemen dedicated a tremendous amount of time preparing for these high profile events over the past year and it showed. Every person that I talked to during the events had extremely positive comments on the top notch events.

With that being said, I want to reach out to my fellow chapter members with an appeal for your involvement. Our chapter has done tremendous things over the years, which is a result of your efforts. In this issue you will see a proposed slate of officers who have volunteered to lead our chapter over the next year. If you would like to be considered for a leadership position next year, there is still time to throw your hat in the ring. If you are not ready this year, you can always volunteer next year. While **Bryan Paul** and **Jim Derosé** have held the Treasurer and Secretary positions for several years, which will not always be the case. We are anticipating having to fill those positions with new members in the next 1-2 years. I know there are chapter members out there ready to step up to those leadership roles. **Is it you?**

See you soon at OUR next Chapter Council meeting!

*Mike Liquori*

## Membership

You can help! To help keep our organization strong, each and every one of us should always be on the lookout for new members. See page 7 for some great ideas on how you can share AFA with one of your friends.

### Chapter Council Meeting

The Council meets on the second Thursday of each month at 7pm at the Showalter Flying Service building at the Orlando Executive Airport. All Officers and Council Members are requested to attend. All members are welcome.

Please check the calendar for any date changes!

The FlightLiner is published at least quarterly by members of the Air Force Association, Central Florida Chapter, P.O. Box 2651, Orlando, FL 32802-2651. The Chapter is a non-profit, 501(c)3, civilian organization, not associated with the Department of Defense. The views expressed do not necessarily reflect the views of the Central Florida Chapter, the Air Force Association or the Dept. of Defense.

## AF Junior ROTC

Lt. Col. (Ret) Jim Fake  
AF Junior ROTC Liaison

### 15 Units Receive Awards

One of the many education programs supported by the Central Florida Chapter is the AF Junior ROTC (AFJROTC) program. We support 15 units in the five counties within our region, stretching from Leesburg to Kissimmee to East Orange County (Timber Creek HS) to Sanford.

Each unit selects an AFA Cadet of the Year and AFANational

provides a medal and certificate. Our Chapter, as usual, goes over and above this minimum. We send a Chapter member to each unit's Award Ceremony and in addition to

presenting the medal and certificate, we give each unit cadet of the year a \$100 check.

Our chapter also provides monetary support to each AFJROTC unit, in the form of \$5 for each cadet in the unit. Especially in today's shrinking budget environment, this check is gratefully accepted. Throughout the year, the units pay us back by providing color guards at selected Chapter events.

The Chapter is always looking for Chapter members willing to go to these events and present the awards. All you have to do is contact **Bill Yucuis** at [yucuisb@yahoo.com](mailto:yucuisb@yahoo.com).

Kenia Gomez, Colonial High School Cadet of the Year, receives award from Lt Col (Ret) Ed Jezisek.

### AFJROTC Units Hold Joint Military Ball

On 9 March 2013, Ocoee High School and Wekiva High School AFJROTC programs held a Joint Military Ball at the Jessie Brock Community Center in Winter Gardens. Over 150 cadets and guests enjoyed the evening.

**Bill Yucuis**, representing the Central Florida Chapter, presented awards to deserving cadets of both units. Others joined to acknowledge the cadets including the American Legion, and Reserve Officers' Association.

### FlightLiner Note

Thanks to all who have contributed to make this the best Chapter newsletter!

Please send your comments and suggestions to Ken at: [Kennethkelly@earthlink.net](mailto:Kennethkelly@earthlink.net)

# Teacher of Year

Planning makes it easy to learn...

by Bill Yucuis, V.P. Aerospace Ed.

The Central Florida Chapter is proud to announce that **Lanny Wood** (pictured below and with his class), from Timber Creek High School, as the 2013 Central Florida Chapter Teacher of the Year (TOY).

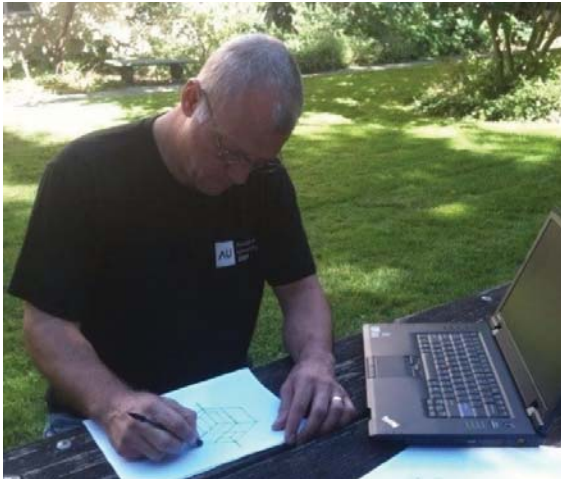

The CFC selection Committee found many deserving teachers. Each with unique skills that help our students.

With a career of excellence, **Lanny Wood** practiced architecture for over 20 years with large

multinational firms in Minneapolis, Washington, DC and Chicago.

With this experience, he fulfilled a dream to help students in the classroom. Soon after, he took the plunge, landing at Glenridge Middle School in Orlando teaching 7<sup>th</sup> grade math. His students quickly responded to his real world experience and application of math principles through projects that applied to design of real world things, planning cost estimates, etc. This intentional "real world" focus and application really connected with the students.

Soon **Lanny** was asked to take over the Drafting Curriculum at Timber Creek High School. As an architect, it was easy for him to bring his background, experience, and project based learning to the Drafting Room. With his curriculum change in 2009/2010, Timber Creek's Drafting III class participated in the national pilot of an online high school architectural design curriculum, now known as

"Discover Design." Now projects became even more real as the students redesigning their own high school cafeteria! They became connected, counseled and challenged through SocialMedia with architects and engineers from Chicago and around the country as advisors/critics. They even used Skype (vid-

and Tech Education foundation to get the Core training at Seattle University. Upon return, and with little lead time, **Lanny** quickly adapted the existing Timber Creek drafting studio to accommodate PLTW's Introduction to Engineering Design course. After presenting the planned curriculum to students and their parents at Timberlakes's freshman orientation, he launched the program. A small start grew quickly to five sections of Introduction to Engineering Design at the start of the school year.

This past year, Timber Creek High School's PLTW Program was

eo conferencing) with professionals - not just their teacher.

That made a world of difference! The curriculum soon advanced

asked to be part of the STEM Pavilion for the Interservice/Industry Training, Simulation and Education Conference (I/ITSEC). 20 Timber Creek students managed the booth and demonstrations through the four day conference.

In Lanny's own words, "Our students are developing a confidence in themselves. They're not afraid to take risks and potentially fail. They are not only becoming lifelong learners, but are taking ownership of their own journey. My role, wonderfully, is to guide and then to journey alongside them while they develop into who they are becoming."

**Congratulations to All Our Teachers**  
The County Teachers of the Year were Lanny Wood (Orange; Timber Creek HS), Robert Moore (Lake; Tavares HS), Mia Conlon (Seminole; Rock Lake MS), Suzanne Halverson (Polk; Chain of Lakes HS), and Jessica Flowers (Osceola; Celebration HS).

again to challenge the students as **Lanny** sought and applied Project Lead the Way's (PLTW) Pathways to Engineering to his classroom curriculum. This hands-on project based STEM curriculum was approved but not funded. That did not stop **Lanny's** enthusiasm and effort. He soon secured funding through a Career

**Thanks!**  
Thanks to our Central Florida Chapter Teacher of the Year selection Committee: **Bonnie Callahan, Stan & Mary McNatt, Ed Jezisek, and Paul Ackerman.**

# SOP, Top AFA AE Program

by Bill Yucuis, V.P. Aerospace Ed.

Your Central Florida Chapter recently hosted the Scholarship Opportunity Program (SOP) providing an opportunity for parents and students from throughout the Central Florida Region to learn about AFROTC and Air Force Academy opportunities.

**Mike Liquori**, Chapter President, welcomed everyone. **Bill**

**Yucuis** gave a brief overview about the AFA mission and all the educational programs we support.

For the students and parents, the highlight of the event, is having the Academy and AFROTC cadets tell

the students about their experiences and answer questions. Another positive Central Florida Chapter event!

# CFC Gives Historic Award at 2013 Gala

by J.T. Brock, Gala Chairman

On Thursday February 21st, the Central Florida Chapter held its 29th annual Air Force Gala at the Rosen Shingle Creek Hotel. The 2013 Gala was attended by nearly 500 guests. Noted dignitaries were **George**

**Muellner**, Chairman of the Board, **Scott Van Cleef**, Vice Chairman of the Board, Field Operations, the **Honorable Michael B. Donley**, Secretary of the Air Force; **General Mark A. Welsh**, Air Force Chief of Staff; **General Edward A. Rice, Jr.**, Commander, Air Education And Training Command; **General Michael Hostage III**, Commander, Air Combat Command; **General Janet C. Wolfenbarger**, Commander, Air Force Materiel Command; **General Paul Selva**, Commander, Air Mobility Command; **James A. Cody**, Chief Master Sergeant of the Air Force; and many Air Force military and civilian leaders from around the world and within Florida. The chapter's

successful golf mixer, supporting over 120 players, was held on Wednesday, February 20<sup>th</sup>.

Including proceeds from the 2013 Gala, the chapter has raised more than two and one-half million dollars for aerospace education at all levels over the past twenty-nine

years. Again this year, a \$65,000 contribution was given to AFA's Aerospace Education programs. This brings the total donations to support AFA Education programs to over \$975,000. AFA's Chairman

Accepting a diploma as the 400,000 airman to receive a degree from the Community College of the Air Force is Senior Airman Emily Barchenger. The Honorable Michael B. Donley, Secretary of the Air Force, presented the diploma and was joined by (R to L) AFA Central Florida Chapter President Michael Liquori, Community College of the Air Force Commandant Lt Col Jonathan T. Hamill, Chief Master Sergeant of the Air Force James A. Cody, Air Force Chief of Staff General Mark A. Welsh III, and Air Force Gala Chairman Tim Brock.

of the Board, **George Muellner** and AFA President **Craig McKinley** accepted the check on behalf of AFA.

In addition, the chapter contributed \$10,000 to the Air Force Memorial Foundation, bringing the chapter's total donations for the memorial to a quarter of a million dollars.

The Gala was made even more special through its 2013 theme, "Air Force Education and Training." For their exceptional efforts in support of the advancement of air and space power, the chapter recognized various individuals and organizations with AFA Jimmy Doolittle Educational Fellowships.

For their efforts educating the Air Force, the chapter awarded a Fellowship to Air University. For providing superior medical education, the chapter recognized AETC Medical Training Teams. A Fellowship was awarded to the Cessna Aircraft Company for providing the Air Force with superb training aircraft. For training tomorrow's airmen today, the chapter presented a Fellowship to AETC's Technical Training Division. The Community College of the Air Force (CCAF) was recognized for their success educating Air Force airmen.

To cap off the awards ceremony, **Senior Airman Emily Barchenger** was awarded the 400,000<sup>th</sup> degree CCAF by the Secretary of the Air Force.

**The Air Force Gala**  
The premier event sponsored by an AFA chapter each year and is recognized as such by both the Air Force and industry.

# AFROTC

Continued from Page 1

in 2013. On the fields of friendly strife, AF defeated Army in the annual soccer match. Army will be looking for revenge in the upcoming basketball match.

The Air University Commander and President, Lt Gen David S. Fadok, paid our detachment a visit and met with cadre and cadets, university leaders, and reviewed the beautiful UCF campus. Gen Fadok spent much of the afternoon discussing leadership to a classroom packed with cadets eager to hear from a 3-star general.

At the end of February, the cadets were "all-in" to support AFA's annual Air Warfare Symposium.

2013 UCF Iron Knight Winners

In addition to ensuring world-class execution, the cadets also got to meet the Secretary of the Air Force (and three previous ones), the Chief of Staff, and nearly every other four-star general in the Air Force, an awesome opportunity for everyone able to support the event.

Immediately following the conclusion of the symposium, the cadets packed up their gear and headed to Gainesville where Det 150 at the University for Florida hosted the 2013 "LIME CUP." LIME CUP is an annual athletic competition among

all of the Florida AFROTC detachments plus Det 172 cadets from Valdosta State University in Georgia (they're "almost" Florida). Although the Flying Knights did not bring home the cup this year, we'll be hosting LIME CUP in 2014 so we'll have home-field advantage.

Finally, just before everyone departed on Spring Break, detachment 159 hosted the Florida AFJROTC state drill meet. This all day event pitted 21 AFJROTC teams from around the state in head-to-head competition to see who would earn the title of "best drill team in the state" for 2013. The event was a success and capped-off with an awesome awards ceremony where AFA leaders from across the state were able to present trophies and certificates to some many outstanding

high school students. All this in the first eight weeks of 2013, the cadets have earned a break and the cadets will need all the rest they can get. Spring and summer sessions will be busy!

Graduation is just around the corner. Commissioning is set for 5 May 2013. Many of the seniors

2013 AFROTC Graduating Class set for Commissioning on May 5th.

have already received their orders to report for duty, some only days after commissioning. They are eager to try out their lieutenant bars.

The juniors will soon take the leadership role in the wing and begin planning the 2013-2014 academic year. It will be a HUGE year for detachment 159. After 17 years in portable units (aka "trailers"), we will be moving into a NEW BUILDING. Planned completion is (currently) set for late summer. We expect to be moving offices and equipment in the fall. Watch for a grand opening in November, we'll be very excited to show off our new digs.

Thank you to the Central Florida Chapter of the AFA for your tremendous support of Detachment 159. We hope you will join us side-by-side as we dedicate the new building.

Grand opening for new ROTC building coming November 2013.

# Membership News

*We welcome YOU  
to join and participate in the  
Central Florida Chapter  
of the  
Air Force Association!*

# I/ITSEC Opens to CyberPatriot

by Bonnie Callahan

Our Chapter was selected and shared CyberPatriot (CP) information at a booth at the recent Interservice/Industry Training, Simulation & Education Conference (I/ITSEC) held at the Orlando Convention Center.

I/ITSEC is the largest modeling, simulation and training confer-

ence in the world with over 20,000 attendees. Attendees, including 700+ students and teachers, learned how to field a CyberPatriot team.

Located in the STEM Pavilion of Project Based Learning, CyberPatriot was a perfect fit for the I/ITSEC theme, "The Power of Innovation, Enabling the Global Force."

Our focus was to offer attendees awareness of our CP competition and to identify and encourage educators/schools to field a team.

An equally important focus was to identify possible mentors that would be willing to work with one of

See CyberPatriot, page 9

## Sun 'n Fun!

(Continued from Page 1)

one sees some type of flying machine in the air.

At the Opening Ceremony, **Bill Yucuis**, the Chapter's Aerospace Education Chairman, greeted the 100 workshop attendees and talked briefly about the AFA and Chapter education mission.

**Bill**, representing the Central Florida Chapter, also presented the Sun n Fun's President with a \$3000 support check to help offset the entry fees and encourage more teachers to attend.

**Lori Bradner**, the current AFA National Teacher of the Year, and the new Sun 'n Fun Education Director, also welcomed the teachers. The highlight of the Opening ceremony was when four teachers were selected

to go on a flight in an AT-6 Texan with the Aero-Shell Aerobatic team.

The Aerospace Education Workshop included 15 different workshops held at the nearby Central Florida Aviation Academy, which is located at the Lakeland Linder airport. Chapter members also made workshop presentations. **Bonnie Callahan** shared about CyberPatriot, **Julie Parslow**,

from USA Today, talked about the AFA Visions program and other USA Today education re-

An outstanding educator, **Joe** single-handedly designed the curriculum for the flight program at Sanford Middle School. He aligned this curriculum to our Magnet/STEM focus so that students could better prepare for the world in which we live. It is the most requested course at the school.

The Planning Committee also managed to completely surprise **Barbara Walters-Phillips** by presenting her with a plaque for her 20 years as Committee Chairperson.

The highlight - **Story Musgrave**, a highly recognized retired astronaut, gave a mesmerizing talk after lunch. Everyone was entranced

as Story weaved his tale about how a farm boy born in 1935 could be-

come THE expert about the Hubble Telescope. Story shared how everyone must accumulate a personal portfolio of skills because the more skills a person possess the greater the likelihood of success in life.

sources, and **Bill Yucuis**, who teaches Aerospace Engineering at Lyman High School for a Magnet Program, gave a Rocketry workshop, which he does every year.

**Joe Oliver**, from Sanford Middle School, was recognized as the annual Outstanding Aerospace Educator and received the Ray Lien Award.

*Once again, the Central Florida Chapter leads the way by supporting outstanding Education programs!*
